We are sure looking forward to ACDC and seeing our friends and makin new ones! I really like the idea of combining LUO, ICE and Carrie's Chicago event together.

The following list is compiled of close out or discontinued items. Most are 50%-60% off of the regular price. We really have alot of items we need to clear out! There is absolutely nothing wrong with them and I hope you'll take advantage of the price breaks. We obviously can't bring all of these items to ACDC. We ask that you preorder what you want and we will bring your order all packed up. You can pay for the items after you have checked them out at ACDC.

Now, onto the regular sale items. All lit and unlit wire frame not listed below will be 20% off with the exception of the Aluminum Eaton wire frames. However, we will be bringing these for you to see. The Eaton frames are listed in the menu under "New Wire Frame Designs".
